Product designation	Gateway
Product type designation	EXCGLAX1

General characteristics	
Description	2G/4G modem communication module for EXCGLA01
Functions	2G/4G modem

Monitoring method	
Transmission technology	2G/4G
Connectivity with Synergy and Xpress	Yes
Device setup and supervision	Yes
Local memory	Yes
Support for multiple devices	Yes, with RS485 or Ethernet
Device compatibility	Devices with RS485 or Ethernet and modbus slave role, third party ones included

Certifications and compliance	
Certifications	
	EN 301 511
	ETSI EN 301 489-1
	ETSI EN 301 489-52
